These symbols, believed to date back to forgotten civilizations, have captivated scholars, historians, and seekers of hidden knowledge for centuries.

One of the most prominent symbols adorning the amulet is the Ouroboros, a serpent devouring its own tail, representing the cyclical nature of existence, the eternal dance of creation and destruction. It symbolizes the continuous flow of energy, the endless cycle of life, death, and rebirth.

Another symbol frequently found on the amulet is the Tree of Life, its roots firmly planted in the earth and its branches reaching towards the heavens. It represents the connection between the physical and spiritual

realms, the harmony between humanity and nature. The Tree of Life symbolizes growth, knowledge, and the interconnectedness of all living things.

The amulet also bears the symbol of the Eye of Horus, an ancient Egyptian deity associated with protection, healing, and restoration. This symbol represents the watchful gaze of the divine, the ever-present guardian that guides and protects the wearer of the amulet.
